**PUBLIC NOTIFICATION:
Supply shortage temporarily suspends fluoridation in
Lewiston and Auburn Drinking Water**

LEWISTON-AUBURN, MAINE – Due to product supply issues, Lewiston Water Division and Auburn Water District have temporarily suspended fluoride addition to the drinking water. The supplier notified the Water Utilities of the global shortage and did not have a timetable on when the product will be available.

Those who wish to continue receiving the benefits of fluoride should contact their dentist or healthcare provider for advice. Fluoride addition officially halted on July 30, 2026.

If you are a consumer of Auburn Water and have questions on this notice, please contact the Auburn Water District at 207-784-6469. If you are a consumer of Lewiston Water, please call 207-513-3003.
